60 Swarm Continues on State Route 60 (Weekend 2)

SAN BERNARDINO – The California Department of Transportation (Caltrans) 60 Swarm projects continue State Route 60 (SR 60) to repair deteriorated pavement slabs and replace the Pipeline, Monte Vista and Benson Avenue bridges.

The SR 60 Pavement Rehabilitation Project will continue this weekend with week two, of fifteen weekends, of full directional closures of eastbound SR 60 between Interstate 15 (I-15) and the 60/91/215 Junction in Riverside from Friday at 10:00 p.m. through Monday at 5:00 a.m. There are seven remaining weekends of eastbound SR 60 closures and then seven weekends of westbound SR 60 closures. All lanes and ramps are closed during the directional closures. There will no closures on Labor Day or Veteran's Day holiday weekends.

Motorists are advised that this weekend the traffic detours for the 60 Swarm will be challenging. There is a concert event at the Fontana Speedway located off I-10 in Fontana. Cherry Avenue and other surrounding ramps on I-10 and I-15 will be utilized by concert goers beginning Friday, August 2 through Sunday, August 4.

Motorists are advised to use SR 91 and SR 210 around the 60 Swarm and concert event as alternate routes to avoid heavy traffic delays on I-10 and I-15 in the Ontario and Fontana regions.

The paving project will also continue with week night lane and ramp closures within the project limits on SR-60 from Euclid Avenue in Ontario to the 60/91/215 junction in Riverside Monday through Fridays from 10:00 p.m. to 5:00 a.m.

The Bridge Replacement Project will also have weeknight lane and ramp closures on the eastbound SR-60 from Pipeline Avenue to Mountain Avenue from 10:00 p.m. to 5:00 a.m. and the westbound SR-60, from Mountain Avenue to Pipeline Avenue from 9:00 p.m. to 4:00 a.m.

A traffic reconfiguration will occur on SR-60 west of I-15 for the duration of the project. Lanes will be available in each direction on SR-60 during the day. The speed limit will be lowered to 55 miles per hour within the project limits. The two projects will continue until

2022. For up to date information on the 60 Swarm projects call the 60 Swarm hotline at 1-833-607-9276 or go to <https://www.60swarm.com/>.
