### 60 Swarm Continues on State Route 60

SAN BERNARDINO – The California Department of Transportation (Caltrans) 60 Swarm projects continue on State Route 60 (SR-60) to repair deteriorated pavement slabs and replace the Pipeline, Monte Vista and Benson Avenue bridges.

The SR-60 Pavement Rehabilitation Project will continue this weekend with the final weekend of full directional closures of westbound SR-60 between the 60/91/215 Junction in Riverside and Interstate 15 (I-15) from Friday at 10:00 p.m. through Monday at 5:00 a.m. All lanes and ramps are closed during the directional closures.

Motorists who are just passing through are advised to use State Route 91 (SR-91) and Interstate 10 (I-10) around the 60 Swarm as alternate routes to avoid delays. Local businesses are open during the project.

Re-paving project: Eastbound SR-60 nighttime lane and on/off ramp closures will take place from Valley Way to the 60/91/215 Junction in Riverside. Closures will take place November 12 to November 15, from 9:00 p.m. to 5:00 a.m. Westbound SR-60 nighttime lane and on/off ramp closures will take place from the I-15 to Euclid Avenue from 8:00 p.m. to 5:00 a.m.

Bridge Replacement Project: Caltrans will begin the demolition of the Benson Avenue overcrossing. On November 15, the westbound SR-60 will be closed from Mountain Avenue to Central Avenue from 10:00 p.m. to 6:00 a.m.

On November 16, the eastbound SR-60 will be closed from Central Avenue to Mountain Avenue from 11:45 p.m. to 8:00 a.m. Please follow the posted detour during the closure.

A traffic reconfiguration will occur on SR-60 west of I-15 for the duration of the project. Lanes will be available in each direction on SR-60 during the day. The speed limit will be lowered to 55 miles per hour within the project limits. For up to date information on the 60 Swarm projects call the 60 Swarm hotline at 1-833-607-9276.
